AC COMPRESSOR

DODGE SPRINTER APPLICATIONS

FEATURES & BENEFITS

- Remanufactured using the OE specifications and standards:
 - All new OE snap rings, OE seals, o-rings and gaskets compatible with R-12, and R-134a refrigerants and oils.
 - Each component is 100% disassembled, cleaned and inspected for damage and wear.
 - All critical measurements and bolt torques are checked per OE specifications.
 - 100% leak and performance tested to verify function and capacity.
 - Clutch installations are 100% tested and inspected to OE specifications for free rotation, air gap and actuation dwell time.
- Lightweight, hollow piston design decreases horsepower drain, reducing strain and wear on internal components.
- Direct fit to OE application. All mounting surfaces and electrical connectors match 100% OE specifications.

APPLICATIONS

Make	Model	Year	Engine Type	Liter
Dodge	Sprinter 2500	2004	L5	2.7
Dodge	Sprinter 3500	2004	L5	2.7
