DIRECT FIT SERVICE REPLACEMENT

2011 - 2012 FORD F-150 3.5L ECOBOOST

Genuine Garrett® replacement turbochargers engineered for the 2011 - 2012 Ford 3.5L EcoBoost engine platform are now available. These replacement turbochargers for the F-150 platform are available in left and right configurations and engineered to be direct drop-in units that reuse all the OEM bolts, clamps, and hoses. There are over 1.2 Million of these vehicles in operation today that could be exiting warranty coverage.

These direct fit turbochargers are covered by Garrett's® standard one year warranty.

Make	Model	Year	Engine	OEM PN	Replacement PN	Notes:
Ford	F-150	2011-2012	3.5L EcoBoost	CL3Z-6K682-A	855562-5001S	Left Turbocharger
Ford	F-150	2011-2012	3.5L EcoBoost	CL3Z-6K682-B	855563-5001S	Right Turbocharger

The Diesel USA Group of companies have been providing the proven performance of Garrett Turbochargers for many years as a Master Distributor. We offer matching, customizing, maintenance and repair of Garrett Turbochargers and Garrett air coolers. The Garrett brand also allows us to provide our customers with a vast array of diesel and automotive turbo applications. Call any of our Diesel USA Group locations today to fulfill any of your Garrett Turbocharger needs.
