THE PARTS YOU NEED.

ALL MAKES PARTS, ACCESSORIES AND SERVICE.

ALL MAKES TURBOCHARGERS

The Diesel USA Group of companies are your North American Master Distributors for many turbocharger brands. We provide all levels of the aftermarket distribution channel with complete lines of turbocharger products, turbocharger assemblies and component parts in new and remanufactured configurations where applicable.

DPFS, DOCS, SENSORS AND ACCESSORIES

Our replacement DPFs, DOCs and parts ease installation and help reduce downtime. Each product is specifically designed to fit it's intended application, ensuring an exact replacement for your OEM products and providing superior reliability.

STARTERS, ALTERNATORS AND MORE

All electrical products provided by the Diesel USA Group are designed and tested to provide all applications with optimum performance. We carry a wide array of electrical products for many different applications.

CHARGE-AIR COOLERS AND EGR PRODUCTS

Diesel USA's products are designed to resist high levels of thermal load by addressing common issues found in OEM designs. Whether you are looking for replacement products for your light duty or heavy duty application, Diesel USA is your leading supplier of thermal and exhaust gas related replacement parts.

FUEL INJECTION PARTS, COMPONENTS

At Diesel USA we offer more than parts! We offer our extensive knowledge and expertise in the fuel injection field to help get any diesel application back up to optimum efficiency. Diesel USA is proud of its expertise in diesel fuel injection systems. Our products include Parts - Pumps - Nozzles - Injectors and Exchange Units from many major brands.

FILTRATION AND ADDITIVES PRODUCTS

Diesel USA offers many products to help provide better performance for any engine. We supply high quality air/oil and fuel filtration, fuel additive and diesel fuel heating products.
